

RYHALL CE ACADEMY MFL OVERVIEW

2021-22

YEAR GROUP	AUTUMN		SPRING		SUMMER	
1	Children in KS1 will learn that there are a number of languages across the world, as well as nationally and locally. Although languages will not be taught through a formal structure, we will introduce children to a rich language environment in a way that is enjoyable and fun to foster an interest in learning another language. Through exposure to other languages our aim is to help children to understand cultural differences in other countries.					
2						
KS2	In Key Stage Two, all children will be taught French. The focus will be on conversational language (speaking and listening) and reading. The progression of units has been devised in collaboration with the local secondary school to where the majority of the children will go and is taught primary using resources from 'Language Angels'. During this year, the curriculum has been revised due to the COVID pandemic and some units are being taught in more than one year group – where children will be immersed in more depth to allow for some catch up of learning. Through links with a school in Italy, children will also be exposed to Italian and opportunities will be provided to compare the similarities in differences between the languages of French, Italian and English.
