

Key Instant Recall Facts

YEAR 1 KIRF CARD

This half term your children are working towards achieving their individual KIRF targets, indicated below. The ultimate aim is for your child to be able to recall these facts **instantly!**

To know number bonds to 10

By the end of this half term, children should be able to recall all the number bonds to 10. The aim is for them to recall these facts instantly.

Number facts to 10

- $0 + 10 = 10$
- $1 + 9 = 10$
- $2 + 8 = 10$
- $3 + 7 = 10$
- $4 + 6 = 10$
- $5 + 5 = 10$
- $6 + 4 = 10$
- $7 + 3 = 10$
- $8 + 2 = 10$
- $9 + 1 = 10$
- $10 + 0 = 10$

Rainbow to 10

Play number ping pong!

Start of saying 'ping', child replies with 'pong'. Repeat and then convert to numbers i.e. say 7 and they reply '3'.

SNAP game

What about creating a game using number cards? Perhaps a game of SNAP or matching pairs.

Numicon

We use Numicon in school. You can print Numicon and create bonds to 10: bit.ly/NumiconPictures

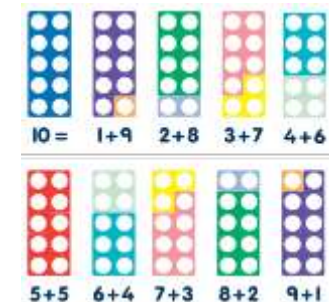

KEY VOCABULARY and QUESTIONS

bond/ add/ subtract/ more than/

What do I **add** to 8 to make 10?
What is 10 **take away** 6?
What is 5 **less than** 10?

This is the song we use in school to help the children remember the number bonds.

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day. Building confidence in mathematics is crucial so be pleased with their efforts and always encourage with praise. Make sure these practice sessions are enjoyable - if your child is really not in the mood it is the wrong time to be practising! If you would like more ideas, please speak to your child's teacher.
