SEN Information Report Ryhall 2023-24

1. The four broad areas of need that we may see at Ryhall...

Our school currently provides additional and/or different provision for a range of needs, including:

Communication
and Interaction

For example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties

Sensory needs
and Physical
Disabilities

For example, visual impairments, hearing impairments, processing difficulties.

Social, Emotional
and Mental
Health (SEMH)

For example, attention deficit hyperactivity disorder (ADHD), attention deficit disorder (ADD), attachment disorder.

Cognition and
Learning

For example,
dyslexia,
dyspraxia

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

SEN Information Report Ryhall 2023-24

2. Identifying pupils with SEN and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap
- This may include progress in areas other than attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

The Code of Practice 2014 defines SEN as follows:

“A child or young person has SEN if they have a learning difficulty or a disability which calls for special education provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty if he or she: has a significantly greater difficulty in learning than the majority of others the same age, or has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16s institutions.”

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence.”*

**John 10:10*

SEN Information Report Ryhall 2023-24

3. Consulting and involving pupils and parents

- We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:
- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are
- Notes of these early discussions will be added to the pupil's record and given to their parents.
- We will formally notify parents when it is decided that a pupil will receive SEN support.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

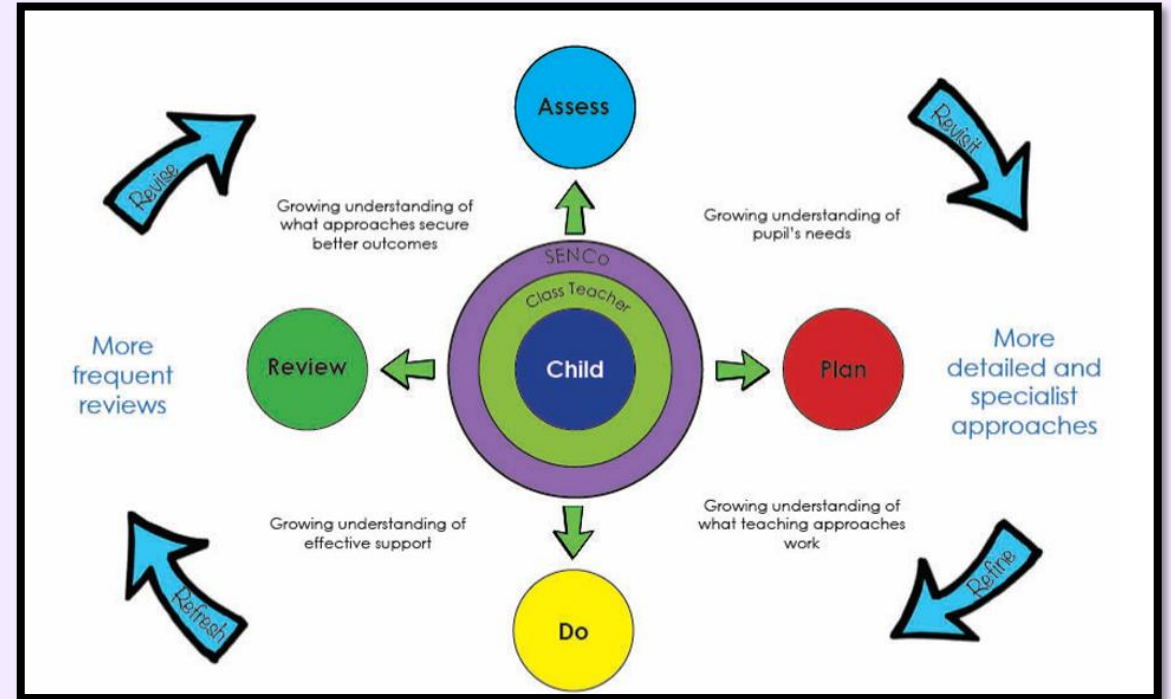

SEN Information Report Ryhall 2023-24

4. Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class or subject teacher will work with the SENCO to carry out an analysis of the pupil's needs.

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant
- The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

5. Supporting pupils moving between phases

- When moving between phases within the school, we ensure that there are sufficient opportunities in the Summer Term to experience the new classroom environment, the staff with whom the child will be working and mentoring in place to ensure that the child's voice is heard (allowing additional transition plans to be put in place where necessary).
- In the case of transition from primary to secondary phase, we will share information with the school or other setting the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this. All children have at least one transition day arranged at their new school; we request additional days based on the needs of the child (though this is the decision of the secondary school as to whether they can accommodate this).

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

6. Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

Quality First Teaching is our first step in responding to pupils who have SEN. This will be differentiated for individual pupils. We will also provide the following interventions:

- Toe by Toe Spelling
- Power of 2 Maths
- SHINE Reading comprehension
- Paired reading
- Same day interventions with teaching assistant or class teacher
- Precision teaching – for spelling, reading and times tables
- Phonics
- Memory Skills
- Lego Therapy

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

7. Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops/IPads (including Apps as appropriate), coloured overlays, coloured paper, visual timetables in all classrooms, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

8. Additional support for learning

Working alongside our teaching team of 10 qualified teaching staff, we also have 8 teaching assistants (including one in EYFS and two who have the HLTA – Higher Level Teaching Assistant – qualification) who work a range of full and part time hours. These members of staff are trained to deliver interventions such as Precision Teaching, Toe by Toe, Power of 2 Maths and paired reading

- Alongside the Quality First Teaching provided by teachers, teaching assistants will support pupils on a 1:1 basis when a precision teaching approach is needed or when an EHCP (Education & Health Care Plan) determines that this is required, as well as supporting the development of social and emotional skills.
- Teaching assistants will work alongside the class teacher to support pupils; this allows the teacher to focus on providing necessary intervention or input to a focus group of pupils (who could be of any prior attainment group). Teaching Assistants may also provide this focus work when interventions benefit from small group pupil engagement including social & emotional interventions.

We work with the following agencies to provide support for pupils with SEN:

- Mosaic Psychology (Educational Psychologists) – for additional assessment, support and guidance
- Casy Counselling
- Play Therapists
- Nurture Hub
- ADHD Solutions
- Early Help (Rutland, Lincolnshire or Northamptonshire – dependent upon the child's family postcode)
- Education Inclusion Partnership – Rutland
- Visual Impairment Team – Lincs
- VISTA (sight loss charity)

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

9. Expertise and training of staff

Our SENCO has undergone the NASENCo course at De Montfort University 2011 and passed this course. She also completed a masters in Specific learning difficulties (dyslexia) in September 2023. This role is allocated the equivalent of a day a week to manage SEN provision – this is based on the number of the children in the school with SEND and is reviewed on a termly basis according to school need.

- We have a team of 8 Teaching Assistants (TAs), including 2 Higher Level Teaching Assistants (HLTAs) who are trained to deliver SEN provision.
- In the last and current academic years, various staff have been trained in:
- Precision Teaching (all TAs)
- Paired reading (all TAs and Teachers)
- Phonics Intervention (RWInc and L&S since we use principles from both) – (EYFS and KS1 TAs)
- Principles of 123 Magic (all Teachers and TAs)
- ADHD Awareness Training (all staff)
- Mental Health Awareness (TAs)
- Principles of Theraplay; application to provide nurture, structure, engagement and challenge (Mrs Want)
- Emotion Coaching (ELSA training) – (Mrs Chapman & Mrs Szyszka)
- Working with children who have experienced Domestic Abuse (Mrs Chapman)
- Becoming a trauma sensitive school (Mrs Ketteringham)
- The SENCo engages in both the Trust and Rutland SENCo Network meetings and CPD sessions.

As part of our in-house staff development, allocated time is given to ensure the dissemination of information from any training/workshops to help develop all staff across the school.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence.”*

**John 10:10*

SEN Information Report Ryhall 2023-24

10. Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Reviewing pupils' individual progress towards their goals & targets each term including a meeting with parents to discuss the progress made
- Reviewing the impact of interventions after 6 weeks with interim reviews at 3 weeks
- TA/Teacher informal review chats to discuss the progress of provision in place in line with the Plan, Do, review approach
- Using pupil questionnaires
- Monitoring by the SENCO
- Using provision maps to measure progress
- Holding annual reviews for pupils with EHC plans

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

11. Enabling pupils with SEN to engage in activities available to those in the school who do not have SEN

- All of our extra-curricular activities and school visits are available to all our pupils, including our before and after-school clubs, as well as wrap-around care.
- All pupils are encouraged to go on our residential trip(s) to PGL Caythorpe in Year 5. All pupils are encouraged to take part in sports day, school plays, workshops, visits to the local secondary school and we participate in the Osprey Leagues through Rutland County Sports to ensure children with SEND have progression routes in participation in sports.
- No pupil is ever excluded from taking part in these activities because of their SEN or disability.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

12. Support for improving emotional and social development

We provide support for pupils to improve their emotional and social development in the following ways:

- Pupils with SEN are encouraged to be part of one of the school councils (School/Ethos/Arts/Eco).
- Pupils with SEN are also encouraged to be part of both lunchtime and after school clubs to promote teamwork/building friendships etc.
- Pupils with SEN are also encouraged to be part of the citizenship programme that is run in Year 5 and 6
- Referrals are made to undertake a short term (usually 6 weeks maximum) 1-2-1 mentoring programme with a TA where identified weekly targets are discussed, set and achievements / small steps acknowledged and praised.
- We have a zero tolerance approach to bullying.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

SEN Information Report Ryhall 2023-24

13. Working with other agencies

- Most support for families can be provided by **Early Help** Services who work with children, young people and their families to offer the right support at an early stage before a small need becomes a bigger one.
- A number of different professionals and organisations may be involved in Early Help to offer support in a range of areas. **Early Help** and support for families includes services provided in the community by the health service (e.g. GP, school nursing), schools and the police. Support provided by Rutland County Council include [Visions](#), [Aiming High](#), [Young Carers](#), **Autism Team outreach** and the [Youth Service](#).
- Rutland's Aiming High service can also be accessed by SEND children (and their families) even where their home address is in a neighbouring authority (due to the fact that the child attends a Rutland school).
- Through the Rutland SEND network, other agencies are also shared including ADHD Solutions (based in Leicester), Psychology direct (Educational Psychology Service).
- For Lincolnshire residents, the Early Help Service can provide access to [Healthy Minds](#) and the [ESCO \(Early Support and Care Coordination\)](#) Service
- Through our Multi-Academy Trust (PDET), we also have access to the specialist advice and support of Natalie Packer, who has significant experience and involved nationally in SEN.

Our vision: Live life in all its fullness so that we may look back with pride and move forward with confidence."*

**John 10:10*

14. Complaints about SEN provision

Complaints about SEN provision in our school should be made to the SENCo in the first instance. They will then be referred to the Head-teacher to give the complainant the details of the Trust Complaints Policy (which can also be found on the school website under policies).

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

17. FAQs (Frequently Asked Questions)

3. How will both you and I know how my child/young person is doing and how will you help me to support my child's/young person's learning?

In addition to normal reporting arrangements, there will be the opportunity for parents to meet with their child's class teacher and SENCO to review the short term targets and to discuss the progress the child has made – these opportunities are made available to you three times per academic year. We also encourage an 'open door' approach whereby teachers are accessible at the end of the day.

- Your child's progress will be continually monitored by his/her class teacher.
- His/her progress will be reviewed formally and tracked with the Headteacher and SENCO every term in Reading, Writing and Maths. Through Parent Consultations and end of year reports, teachers make clear the attainment against age related expectation and the level of progress made.
- You will be invited to meet with the class teacher three times per academic year for the purpose of reviewing your child's SEN targets against their current attainment (which may also be social and emotional focused).
- At the end of each key stage (i.e. at the end of EYFS, Year 2 and Year 6), all children are required to be formally assessed. This is something the government requires all schools to do and the results that are published nationally.
- Where necessary, children will have an SEN Profile based on targets set by outside school / outside agencies specific to their needs with the intention of accelerating learning and to close the gap. Progress against these targets will be reviewed regularly, evidence of judgments assessed and a future plan made.
- The progress of children with a statement / EHC Plan (Educational Health Care Plan) will be formally reviewed at an Annual Review with all adults involved with the child's education.
- The Headteacher and SENCO will monitor the progress made by SEN children in their class work and any intervention that has been put into place
- Regular book scrutiny and lesson observations will be carried out by the SENCO and other members of the Senior Management Team to ensure that the needs of all children are met and that the quality of teaching and learning is high.

17. FAQs (Frequently Asked Questions)

4. How is the decision made about what type and how much support my child/young person will receive?

- The school budget includes money for supporting children with SEN, which is considered as element 2 funding. The Headteacher decides on the deployment of resources for Special Educational Needs and Disabilities, in consultation with the Trust on the basis of needs in the school. Where the needs of a pupil are more complex and element 1 and element 2 funding have been already used and evaluated, we would then consider additional support through element 3 funding. This is top up funding from the Local Authority (LA related to the child's home postcode) where a child has significant and complex needs.
- The Headteacher and the SENCO discuss all the information they have about SEND in the school, including the children getting extra support already, the children needing extra support and the children who have been identified as not making as much progress as would be expected. From this information, they decide what resources/training and support is needed.
- The school identifies the needs of SEN pupils on a provision. This identifies all support given within school and is reviewed regularly and changes made as needed, so that the needs of children are met, and resources are deployed as effectively as possible.
